CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 50 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

INTRODUCTION.

In offering to collectors our last sale of the season, it is fitting that we should have in this sale the best medals, the best tokens, and the best coins, and the largest number listed in any sale we have held this year. The features are too numerous and varied to make detailed comment. We therefore briefly outline the 3,000 lots in this remarkable offering:

The Magnificent Collection of American Political Medals and Tokens of J. E. Lynch, Esqr., of Mineola, N. Y., which includes hundreds of pieces of all presidents and candidates from John Adams to Abraham Lincoln, inclusive. The Jackson, Van Buren, Harrison, Clay and Lincoln groups are notable, that of Lincoln having more varieties than ever offered before in a single sale. This section together with the Hard Times Tokens includes over 500 lots, illustrated by a plate catalogue with about 20 plates. The Hard Times Tokens include many great rarities, the finest lot we have ever had.

The Collection of the late George E. Walker, of Mt. St. Angelo, Sweet Briar, Va., includes about 750 lots, being especially strong in foreign silver of dollar size (of which there are several hundred) and foreign copper coins, totalling about 3,000 coins.

The G. L. Tilden Collection contains much rare and choice silver, rare silver dollars, many early ones in proof state. In half dollars, choice examples of 1794, 1795, two varieties of 1796, both very fine, something we have never had before together, 1797 and a choice line of later dates; choice quarter dollars; dimes; and the finest collection of half dimes ever offered at public auction sale, including the choicest half disme known, wonderful examples of 1794, 1795, 1796, 1797, 1800, 1801 and 1802 in good condition, and remarkably fine examples of the rest of the list. Also fine cents, half cents and minor coins. Mr. Tildens books include some of interest and value.

A Boston Consignment has a wonderful line of Rare Foreign Silver Thalers, many of highest rarity in the best preservation. This section alone comprises several hundred gem pieces. It is in fact the best lot we have ever offered at auction.

Fine early American Gold, including private issues are offered. Some Colonial issues and choice U. S. Cents; military orders; early American pattern gold dollar, a quarter eagle marked CAL., a fine series of proclamation silver, uncirculated U. S. fractional currency, etc., all contribute to make this sale an event in numismatics not soon to be forgotten.

After our last four-day sale we decided we would not hold another of that length, but so much fine material has been consigned for auction for this June sale, and as it will be our last sale until the late Fall, we decided

to make an extra effort and catalogue the material for a sale of four sessions, which will be held on Wednesday, Thursday, Friday and Saturday, June 22nd, 23rd, 24th and 25th, next.

Collectors are reminded that this is a bona-fide sale, and not an approval sale and are asked to read our sale terms. Our sales are conducted openly, with full surveillance of collectors, and with a licensed auctioneer. We do not hold fake mail "auction sales", nor do we have fake auction records published in numismatic journals to mislead collectors. We do not believe coin collectors are gullible, or that they believe everything they read in advertisements. It is easy to make statements.

Be sure you bid on the right lot. We have to correct errors at every sale, and we cannot be held responsible for such errors.

THE ELDER COIN & CURIO COMPANY,

THOMAS L. ELDER, MANAGER.

New York, May 20, 1921.

PLATE CATALOGUES, ETC.

This sale includes a most notable collection of the early Presidential early political and hard times, or Jackson Tokens. About 500 lots in the first session are devoted to these tokens. Our plate catalogue of some 20 photographic plates will be devoted almost entirely to them, as they are one of the important subjects in American numismatics which has been very much neglected in the past. Satterlee's early work on these tokens we find rather incomplete and vague. His descriptions are brief and his book does not do justice to the subject. It is not claimed that this catalogue presents a nearly complete list, but it is more detailed and extensive than any work which has so far appeared excepting Mr. Lows. There are few collections of more importance in private hands today. Therefore the plate catalogue, with the priced list of this section of the catalogue, will be valuable for reference. We expect to have splendid plates. We will furnish the complete set and price the token section of the catalogue for \$7.50. This merely helps to cover the expense we have been put to in its preparation. After the sale we intend to have the token part reprinted and issued as a single unit, with the proper title. This will be sold, together with prices realized for \$1.00. Only 100 copies of it will be printed. Send in your order now. Keep a ready and useful work for reference on these tokens. Not only do the plates show the presidential series, but they illustrate about all the rare hard times tokens.

ORDER OF SALE.

ON WEDNESDAY, JUNE 22nd, Lots Nos. 1 to 732 inclusive will be sold.
ON THURSDAY, JUNE 23rd, Lots Nos. 733 to 1493, inclusive;
ON FRIDAY, JUNE 24th, Lots Nos. 1494 to 2266 inclusive;
ON SATURDAY, JUNE 25th, Lots Nos. 2267 to end of catalogue.

Sale commences at 1:30 P. M. Intermission of 15 minutes in middle of each session.

ANDREW JACKSON.

Born in the Maxhaw Settlement, North Carolina, March 5, 1767. His ancestors came from the north of Ireland and were linen weavers. His early education amounted to nothing more than a knowledge of writing, reading and arithmetic. He never attended college. House of Representatives in 1796. U. S. Senate, 1797. Tennessee Supreme Court Judge, 1804. Fought several duels and killed his man. Maj. Gen. in Tennessee Militia in 1812. Called by the soldiers "Old Hickory", who considered him physically very tough. Defeated the Creek Indians in 1813. At famous battle of New Orleans he had only 7,000 men, 6 gunboats, 2 armed vessels. Against him were 50 British ships having 1,000 guns and land forces of 20,000 veterans under General Pakenham. Battle fought Sunday Jan. 18, 1815. It lasted 25 minutes. In two hours every enemy gun was silenced and its defenders driven to the rear. British lost 700 killed, 1400 wounded and 500 prisoners. Jackson losses are reported as 8 killed and 13 wounded. This battle ended the war. Congress ordered a gold medal struck to him. Defeated in nomination for President in 1824. In opposition to the U. S. Bank, a bank with \$35,000,000 capital and national deposits of \$7,000,000. Central bank was in Philadelphia and it had 25 branches. It failed in 1836. Of all the presidents except Jefferson and Lincoln, Jackson made a more important impression upon politics and therefore upon the country. In 1832 he was reelected to Presidency. Retired from Presidency at 70. He had a radical policy toward foreign nations and nearly got us into war with France through threats over the payment of a bill. He died at the Hermitage June 8th, 1845. His medal and token series is important and includes a good many satirical pieces referring to the U. S. Bank and the financial situation 1834-38.

MARTIN VAN BUREN

Born at Kinderhook, N. Y. Dec. 5, 1782. Educated at local schools. Declared enemy of U. S. Bank, 1811. State Senate 1812. Attorney General of State 1815, 1819. U. S. Senate 1821. Defender of State rights, constructionist. Secy of State under Jackson, 1829. Minister to England 1831, but not confirmed by Senate. President in 1836 by a small majority. Financial disasters overwhelmed the country during his presidency. Convened Congress in 1837 to meet the emergency. Nominated for Presidency in 1840, but lost to William H. Harrison. He opposed the annexation of Texas.

Retired to Lindenwald. Was an able lawyer and speaker. Died July 24, 1862. His medals and tokens form a rather interesting series, but is not nearly as extensive as that of either Jackson, Harrison or Clay. Some of the smaller tokens bear evidence of the same origin of workmanship as the same sized of the Harrison tokens.

WILLIAM H. HARRISON

Born at Berkeley, Charles City Co., Va., Feb. 9, 1773. Studious lad; Graduated from Hampden-Sidney College, then studied medicine. Ensign, U. S. Army, 1791, in 1st Regt located in heart of Indian country, on site of Cincinnati. Captain of Artillery, 1795. House of Representative, 1799. Governor of the Indian territory, now Indiana, 1800. Made general about same time. Made 13 treaties with Indians. Advanced to Tecumseh's town of Tippecanoe in 1811 with 1,000 men and defeated him; this movement approved by Washington. Harrison had a bullet shot through the rim of his hat. Brevet Maj. Gen. of Ky. Militia in 1812. 8,000 volunteer troops demanded that Harrison command them. Made commander of Northwestern Army. Helped to defeat British forces under Gen. Proctor, advancing into Canada, Oct. 5th, and also defeated Tecumseh and the Indians, settling forever the Indian question. Great reception in Washington. Made Indian commissioner by Madison. Owned a farm at North Bend, O. in 1816. Judge of Supreme Court of Ohio. Received thanks of Congress and a gold medal, 1818. Reelected to the House of Representatives 1821. U. S. Senate from Ohio in 1824. Erected a distillery on his farm, being in needy circumstances, for consumption of his corn crop, but abandoned the idea and spoke for temperance. Whig Convention at Harrisburg, Dec. 4, 1839, nominated him for President. Elected and inauguration March 4, 1841. Died of pneumonia as the result of a chill a month later. It is thought his life was worn away by the hordes of office-seekers who persecuted him. Buried in Ohio. Torch light processions were inaugurated during his candidacy and he was called the "log cabin candidate." His series of medals and tokens is extensive and important, affording the numismatist a splendid opportunity to study a variety of types, metals and types. There is a very interest-

ing series of the log cabins worn in the form of pins, in brass and other metals, some showing the cabins under glass. This particular class is very rare.

The best collection ever offered at auction sale. Contains some of the finest and rarest examples.

COLLECTION OF MEDALS AND TOKENS OF HENRY CLAY.

Born in Hanover Co., Virginia, in a region known as "the slashes" in 1777. Educated in district school. Rode a pony to Daricot's mill, using a rope for a bridle and a bag of wheat for a saddle—hence was known as "The mill-boy of the Slashes". He purchased Ashland, 600 acre tract in Kentucky, near Lexington, advocated emancipation of slaves in 1799. Kentucky legislature, 1803. Fought several duels. U. S. Attorney of Kentucky. U. S. Senate, 1806, 1809-10. Reappointed to U. S. Senate. Defeated charter for the U. S. Bank. House of Representatives on expiration of his term in U. S. Senate. Was made speaker 1812. Reelected Speaker 1813. Member of the Commission to treat with Great Britain for cessation

of hostilities, War of 1812-14, at Ghent. House of Rep. 1815, and Speaker. Speaker again 1817. Mr. Clay supported resolutions inquiring into the conduct of Andrew Jackson in the Seminole War. Speaker 1823. Presidential Candidate 1824 against Jackson. Secretary of State in J. Q. Adams cabinet. U. S. Senate 1831. Nominated for President 1831. Jackson was reelected. Was for reduced protective tariff and for a protection of American industries. Nominated for President, May 1, 1844. Opposed the annexation of Texas. Was defeated by James K. Polk, for advocated annexation. His defeat was brought about by several reasons. He wrote a letter to one Miller of Alabama saying that personally he had no objections to the annexation of Texas, written to conciliate southern Whigs. In New York state a third candidate ran very strong in the votes and detracted so from Clays that he lost New York, and with that the country. Senate, 1849. Compromise on Slavery, 1850. Died June 29, 1852. New York cast a gold medal in commemoration of his public services. This was the large one by C. C. Wright the inscription for which was written by Clay himself. This medal comes also in bronze and pewter, and we have one in the following group. Medallically Henry Clay was very important to collectors. No other candidate before Lincoln has had so many tokens struck to him. They form a series which should be treated in a separate work, a task the cataloguer hopes some day to undertake.

Likely the best collection ever offered for sale. Arranged according to size, from largest to smallest.

MEDALS AND TOKENS OF ABRAHAM LINCOLN.

Born, Hardin Co., Kentucky, Feb. 12, 1809. His grandfather was slain by Indians in Kentucky. Moved to Illinois, settled near Decatur, 1830. Helped build his father's cabin, split rails and ploughed the 15 acres. He hired himself out to anybody needing manual labor. Officer in the Black-Hawk War, 1832. Was a Whig and an ardent admirer of Henry Clay. A land surveyor in 1833. The only books he had in early life were The Bible, Burns Poems, Shakespeare and Pilgrims Progress. Moved to Springfield, Ills., 1837. A lawyer there. Supported Wm. H. Harrison in 1840, was made one of the electors on the Whig ticket. Married Mary Todd in 1842. Congress 1846. Opposed entry of Texas into the union. Opposed War with Mexico. Debated with Douglas 1854-60. Chicago Illinois Republican Convention nominated him June 1, 1860 with Hamlin for Vice President. Inaugurated President March 4, 1861. Proclamation Apr. 15, 1861, asking for 75,000 volunteers. Emancipation Proclamation Sept. 22, 1862. Address of Lincoln at Gettysburg, Nov. 19, 1863, considered one of the world's greatest masterpieces. Republican National Convention, 1864, re-nominated with Johnson April 14, 1864. President Lincoln, Mrs. Lincoln, Clara Harris and Major Rathbone attended Ford's theatre and sat in a box near the stage. John Wilkes Booth, an actor entered the box and holding a pistol a few inches from the base of Mr. Lincoln's brain fired the fatal shot. He died next morning without regaining consciousness, at 7.22, April 15, 1865. Buried at Oak Ridge Cemetery, near Springfield, Ills. His series of medals and tokens is in point of numbers next to Washington and the second largest commemorated in the United States. It includes six or seven hundred varieties in all probability, and many are of comparatively recent issue. The contemporaneous issues are about equal in variety to Clays, possibly a few more than Clays. The following is the largest offering of Lincoln medals and tokens in any sale catalogue that we know of, and a great many of the rarest are included. They form a fitting memorial to this remarkable and unique character and statesman.

By far The Best Collection Ever Offered At Auction Sale.

NOTE:—We have without reference to date of issue arranged them in order of size, from largest to smallest, as we believe for classification this is the only feasible way to detect new varieties. For another reason, it is rather difficult to fix the exact year in which some of them were issued.

Collectors have with this catalogue the most complete list of Lincoln Medals and Tokens ever printed, so that to a certain extent the list can be used for reference.

Sizes in millimetres. Metals, AV. (Gold); AR (Silver); AE (Bronze); B. (Brass); WM. (White Metal) L (Lead or pewter); R. (Rubber); T. (Tin); Al. (Aluminium); G.S. (German Silver); C. Nickel. (Copper Nickel).
